We decided to go to this campground friends told us about. "It can't be as good as they say" RIGHT? Oh it was, we stayed a week and had a great time. There is so much to do in the area that 7 days didn't seem like 7 days. I had to check the calender and make sure it had been a week. Next year I will play in the Kickball game and dominate (been practicing) and Tad....the waters a "tad" deep. 🤪

Campers Paradise is dear to many peoples hearts due to the mistique of the island. Sandy white beaches around 96.2% of the island, chipmunks, Loones, ducks, frogs, turtles, everywhere. Lake Beltaine is so clean you may want to enjoy a Lake Beltaine on the rocks with your favorite adult beverage. The lodge is a wonderfull place to get away from your parents and be one of the kids or sit and reminisce about being a kid. We live in Hawaii and my favorite beach is the one next to the lodge. We were there and stayed in a cabin in july 2007. Thanx for all the memories. God bless you, Dan,

Shannon, Everley, Haven and selah Fisher

My wife, Bonnie, and I have been going to Camper's Paradise for over 30 years,27 with the Demar family. It's a beautiful campground and lake. Now daughter and granddaughters and great-grandchildren go every year too! We always enjoy the times we can get there and have stayed at many different sites over the years. Hope it stays the same for many years to come!

I have been to Camper's Paradise but it was many years ago with my family. My family is grown now and we don't go on camping trips anymore. However, I am planning to go with my boyfriend this next weekend (the 20th - 22th). I am wondering how you make reservations or if there is even a need to send in the deposit and make the reservation. Are there generally openings for lakeside campsites? Thank you!

Hi Fellow Campers! 😊 If you read the unknown author story on this site (where a child is expressing his first look at Camper's Paradise) you now know who the author is. It was the easiest story I ever wrote and I hope you can feel the passion that I have for Camper's Paradise in it. We have been camping there for 31

years and now our children are bringing their little ones. Grandpa & Grandma also take the grandkids there for several days once they turn 4. The excitement they feel about going is overwhelming. The article said it all so try it out yourself!
