- Hello CP fans...my boyfriend are camping here for the first time and we are very excited to make it a tradition like many of you have. My one question is...do they allow pets? Our dog is pretty much part of the family and we need to know if we can bring him with on this "tradition" starting vacation!!!
- Thanks!

- Wow is all that I can say about this campground. I am 15 years old, and yet I love this place so much. I've been coming to Campers Paradise since well I was in my mothers stomach. And my parents have been coming up since they were teens. My brother and I have decided that we wont go camping anywhere other then Campers Paradise, because theres abosolutely nothing like it. I love the island because its so comfortable and a place to just relax and forget about your troubles. We come up as a family every year; my dad, mom, brother and myself, and sometimes a few straglers end up coming. (lol) I love the island so much I want to spend a whole summer here once, which I hope to accomplish soon!

- Great website! My husband, Brian, and I actually got married at Camper's Paradise in 2002. We have been coming to Camper's Paradise since 2000 and will continue to do so! It's a wonderful place for R&R and the kids love it. We all look forward to it each year! Jean, Chris and Family do a wonderful job with the island!

When I first went to Camper's Paradise I was seven. I remember it perfectly. That year started a tradition. Ever since that year we have been going every summer. I am now 17 and as of right now the tradition is still going. Usually my grandfather is the one who reserves the campsite and then we arrive a few days later. My favorite part of going is the scenery and spending time with family.

2006 first time I've been to the island and loved it. Went with friends that have been going for 9 years and his family have been going for about 15. This place should never change, it's perfect.
