Does anyone know what campsite 75 is like? They said it was beachside... has anyone ever camped in this spot.

I love the island! My husbands family have been going for about 17 years. I joined them in 2001 and look forward to it all summer. I have been trying to get my family to the island despite the 4.5 hour drive, I know they would be as impressed as I am. Thanks for making this site, its great!

We get to play at the lodge some years. Here's a photo from last year. We plan to play this year also; Jean puts up posters (in the bath houses!). It's Open Mike. Bring your talent. Or bring your hooch. Either way, it'll be great. August 8th, 2006. See you there!

I have been coming to CP for the last 3 years with my wives family. They have been coming for the last 25 years or so. I couldn't believe how nice the camping is on the island. And the water is so clear. I love the fact you can be wakeboarding on smooth as glass water and see the bottom. So awesome!!! We all look forward to coming back every year. So if your there on the second week on July stop by site 85 and say hello. We have the yellow Sea-Doo jet boat so were pretty easy to spot.

How do you make a reservation my sister-in-law has been there and we want to go but is it first come first serve or can you actually make a reservation? Thanks for your help, we are really looking foward to going there.

My family and two others have been vacationing at CP for over 40 years; from the time of birth until a few years ago. We had heard that the water level was too high to keep the island open - but guess we were miss-informed! It looks just how I remember it. I have a family of my own now and look forward to visiting CP again and making my own family memories!

My mom and I found this website and it is so awesome. I have been going to Campers Paradise since 1990 and it is so beautiful up there. We even got to watch a couple get married. I encourage all to come and stay and see the beauty for themselves.

We are anticipating our annual Campers Paradise trip, our 9th year! Our teenage kids love it! Site 23.5 is fun and busy on the weekend, a great place to watch the neighbors roll in. Beautiful sunsets, great swimming and fishing. My parents brought me when I was a kid and now we enjoy it with our own family.
