Annual Time of Year That You Visit: when the sun is shining
Wow, what a find!! Great website, we drove all the way there (well, all the way from Bemidji anyways) to check it out and see if we could reserve a spot for the weekend and got lucky, but was amazed that your pics really show it is private camping!! Lucky enough to get a lakeside with our own little beach, how cool!! May have finally found that perfect, "campers paradise", and hope to start a new family tradition with our young kids!! Thanks for the great info on your site!!

Annual Time of Year That You Visit: Week after 4th of July
I have been going to Campers every summer for my whole life (26 years). My mom and her side of the family have been going every year for close to 50 years. We love it there!! Great site!

Annual Time of Year That You Visit: July
I am so excited that I found this sight! My family and I have been camping there since 1983 (I was only a year old). I think it's a wonderful place to get the whole family together and just spend some quality time. Even now 25 years later, we all get together that second to last week in July to spend with the family, though we are all older now, and our family has expanded, campers paradise is still my favorite place on earth!!!

Annual Time of Year That You Visit: First Full Sun-Sun in Aug
Our families stay here the first full Sunday to Sunday every August. We are always in Cabin 2, Camp C1, Site 22, 23, and now site 21. Sometimes 23 1/2 also.
Some may know our family as the ones that play a show in the old game cabin out toward the beach (where the beach was). Not sure if it'll happen again this year or not.
Thanx for the great site! I recognized most of the pictures that are posted and am happy to see others that enjoy the island.
Another attraction would be to check out the Woodtick Theater over in

Akely. Its a fun show for all ages.

See you at the island!

Annual Time of Year That You Visit: June/July

Our family has three generations of Camper's Paradise devotees; my daughter celebrated her first birthday there 19 years ago and camps there with her friends now. My husband and I just spent the past weekend in site #11 celebrating our 21st wedding anniversary--despite some rain, we had our usual fabulous time. I can't recommend this place enough!!!

I can't believe this campground is still here. My friends and I used to come down on the 4th and the holiday weekends when I was in high school in Fargo. I am 50 now. I have wanted to bring my kids but didn't even know they were still open. This is awesome. I remember coming in Friday night and trying to drive the causeway.

Absolute best campground we have ever been too. We camped there for years with our daughter, now we bring our grandchildren every summer. They love swimming in the lake, fishing off the bridge and riding their bikes.
